This is the time of year when scammers are out in full force following are some tips on how to donate wisely & avoid charity scams.

Keep Scammer's tricks in mind:

Don't let anyone rush you into making a donation.

Some scammers try to trick you into paying them by thanking you for a donation that you never made.

Scammers can change caller ID to make it look like it's from a local area code.

Some scammers use names that sound a lot like the names of real charities. This is one reason it pays to do some research before giving.

Scammers make lots of vague & sentimental claims but give no specifics about how your donation will be used.

Bogus organizations may claim that your donation is tax deductible when it is not.

Guaranteeing sweepstakes winnings in exchange for a donation is not only a scam, it's illegal.

If you see any red flags or if you're not sure about how a charity will use your donation, consider giving to a different charity. There are many worth organizations who will use your donations wisely.
