Grass cutting will begin the week of April 29th. Grass will be cut Mondays & Tuesdays, weather permitting. If it is raining or too wet, the days will change for that particular week but will go back to the regular schedule.

Remember to have all dog tie outs & dog poop picked up and off the lawn.

If you have an unburied cable from a t.v., phone or internet provider – mark it in some way so it can be seen by the grass cutters and call the company & tell them it needs to get buried as soon as possible.
